Imani Labs implements physical, administrative, and technical safeguards designed to protect your personal information from unauthorized access, use, or disclosure. We also contractually require that our suppliers protect such information from unauthorized access, use, and disclosure. The Internet, however, cannot be guaranteed to be 100% secure, and we cannot ensure or warrant the security of any personal information you provide to us.

Retention of Personal Information

We will retain your personal information as needed to fulfill the purposes for which it was collected. We will retain and use your personal information as necessary to comply with our business requirements, legal obligations, resolve disputes, protect our assets, and enforce our agreement

Use of Cookies and other Web Technologies

Like many websites, Imani Labs uses automatic data collection tools, such as cookies, embedded web links, and web beacons. These tools collect certain standard information that your browser sends to our website. Examples include your browser type and the address of the website from

which you arrived at our website.

They may also collect information about:

- Your Internet Protocol (IP) address. This is a number automatically assigned to your computer or device whenever you connect to the Internet. It is a unique address assigned by your Internet service provider or IT department on a TCP/IP network. Among other things, the IP address allows web servers to locate and identify your device.
- Clickstream behavior. This includes, for example, the pages you view and the links you click. These tools help make your visit to our website easier, more efficient, and more valuable by providing you with a customized experience and recognizing you when you return.

Our website includes widgets. Widgets are interactive mini-programs that run on our site to provide specific services from other companies. Examples include displays of news, opinions, videos, and more. Personal information, such as your email address, may be collected through widgets. Widgets may also set cookies to enable them to function properly. Information collected by a widget is governed by the privacy policy of the company that created the widget.

Some web browsers may give you the ability to enable a "do not track" feature that sends signals to the websites you visit, indicating that you do not want your online activities tracked. This is different from blocking or deleting cookies, as browsers with a "do not track" feature enabled may still accept cookies.

No industry standard currently exists on how companies should respond to "do not track" signals, although one may develop in the future. Imani Labs websites do not currently recognize and respond to "do not track" signals. If we do in the future, we will describe how in this Privacy Statement.

We partner with third parties to display advertising on our website or to manage our advertising on other sites. Our third-party partners may use cookies or similar technologies in order to provide you with advertising based on your browsing activities and interests.

Linked Websites

We may provide links to other third-party websites and services that are outside our control and not covered by this Privacy Statement. We encourage you to review the privacy statements posted on those websites (and all websites) you visit.

Forums and Chat Rooms

If you participate in a discussion forum, local communities, or chat room on a Imani Labs website, you should be aware that the information you provide there (i.e. your public profile) will be made broadly available to others, and could be used to contact you, send you unsolicited messages, or for purposes neither Imani Labs nor you have control over. Also, please recognize that individual

forums and chat rooms may have additional rules and conditions. Imani Labs is not responsible for the personal information or any other information you choose to submit in these forums. To request removal of your personal information from our blog or community forum, contact us at support@imanilabs.com. In some cases, we may not be able to remove your personal information, in which case we will let you know if we are unable to do so and why.

Children's Privacy

Imani Labs encourages parents and guardians to take an active role in their children's online activities. Imani Labs does not knowingly collect personal information from children without appropriate parental or guardian consent. If you believe that we may have collected personal information from someone under the applicable age of consent without proper consent, please let us know using the methods described in the Contact section and we will take appropriate measures to investigate and address the issue promptly.

End Customer Agreement

This End Customer Agreement (this "**Agreement**") is an agreement between us (Imani Labs, limited liability company ("**Imani Labs**")) and you, the end customer and purchaser of our products or services ("**Customer**"). It forms a binding agreement between us, and it governs your purchase and use of the Products.

You and Imani Labs may each be referred to as a "**Party**" and collectively as the "**Parties**." Please keep in mind that your use of the Products after changes to this Agreement are published at <https://help.infopi.io/books/help-center/support-policies> will constitute your acceptance of the changes. Any material changes are considered effective upon the earlier of (i) your continued use of the Products once you know about the changes, and (ii) 30 days after they are published. There is a glossary of defined terms at the end of this Agreement.

Article 1 Licenses and Restrictions.

1.1. Paid Licenses. Subject to the terms and conditions of this Agreement, and your payment for the Products and compliance with this Agreement, Imani Labs grants you and your affiliates (i) a non-sublicensable, non-exclusive, non-transferable license (ii) rights to use the Hosted Software via the Internet (the "**Hosted Software License**"), in each case until the Co-Termination Date or the earlier termination of this Agreement. The Support Services we provide to you are included in the cost of the Hosted Software License.

1.2. Restrictions. You agree that you will not (and you will not permit any of your Network Users) to directly or indirectly reverse engineer the Products or otherwise attempt to discover the source code or algorithms of Imani Labs Software. In addition, you agree not to interfere with the Hosted Software, or attack or disrupt the Hosted Software, including through denial of service (DoS), unauthorized access, monitoring or crawling, or distribution of malware.

Article 2 Customer Responsibilities.

2.1. Use of Products. You agree to use the Products only in accordance with the specifications (the "**Specifications**") available on our website, and you (not Imani Labs) are solely responsible for maintaining administrative control over your Hosted Software account.

2.2. Compliance with Laws. You agree to comply with all applicable laws in your use of the Products, including export laws and regulations of Kenya or any other country. To that end you will ensure that none of the Products are directly or indirectly exported, re-exported, or used to provide services in violation of such export laws and regulations. If Imani Labs detects any Products operating in violation of such laws they may be removed from your account following written notice to you (in the form of an email).

Article 3 Ownership; Customer Data.

3.1. Rights. As between you and Imani Labs, Imani Labs owns and reserves all rights with respect to the Software. In addition, you hereby assign to Imani Labs all of your interest in any feedback you convey to us related to the Software. Imani Labs may incorporate modifications into the Hosted Software, the Documentation at any time.

3.2. Customer Data. By using your Hardware, you understand and agree that you are collecting data regarding the devices that connect to your Network and how your Network is being used, including the types of data described below. By means of the Hardware, you are then transferring that data to Imani Labs for processing and storage, including data that may contain personally identifiable information of your Network Users (collectively, "**Customer Data**"). Imani Labs may process and store Customer Data in the Kenya or outside of the country where it was collected. That said, the Software include functionality that limits or restricts the types of information collected, and you may certainly make use of that functionality. You retain all right, title and interest in and to your Customer Data, except Imani Labs is permitted to use Customer Data as reasonably required to provide the Software services and, only to the extent necessary, to protect our rights in any dispute with you or as required by law. It is your responsibility to provide notice to, and obtain any necessary consents from, your Network Users regarding collection, processing, transfer and storage of Customer Data.

3.2.1. Traffic Information. "**Traffic Information**" means information about devices that connect to your Network, such as MAC address, device name, device type, operating system, geolocation information, and information transmitted by devices when attempting to access or download data or content (e.g., hostnames, protocols, port numbers, and IP addresses) via your Network. We process and store Traffic Information on your behalf so you can monitor the use and performance of your Network and exercise control (such as network traffic shaping) over the traffic on your Network.

3.3. Publicity. We may use your company name and logo in customer lists on our website and collateral.

Article 4 Term and Termination.

4.1. Term. This Agreement will be effective until the expiration of the Term (the "**Co-Termination Date**"), unless earlier terminated per [Section 4.2](#) below. If you subsequently purchase additional Hosted Software Licenses, the Co-Termination Date will be adjusted so that all of your Hosted Software Licenses (including the new ones) terminate on the same date. This adjusted Co-Termination Date is calculated by (i) determining the aggregate amount of time that your new Hosted Software Licenses extend past your existing Co-Termination Date, and (ii) distributing that amount of time among all of your Hosted Software Licenses (including both new and existing ones) pro rata based on the one-year list price for each type of Hosted Software License.

4.2. Termination. You may terminate this Agreement for any reason effective upon 30 days prior written notice to Imani Labs. Imani Labs may suspend your use of the Software at any time if Imani

Labs reasonably believes that you have breached the terms of Sections 1.2, 2.2 or 3.2; if such breach remains uncured for 10 days following receipt of notice from Imani Labs, then Imani Labs may terminate this Agreement immediately. You may terminate this Agreement for cause if we breach any material obligation of ours under this Agreement and fail to cure such breach within 10 days following receipt of written notice from you. If you terminate this Agreement for cause, you will receive a refund equal to the value of the remaining time on your Hosted Software Licenses.

4.3. Effect of Termination. Upon any termination of this Agreement, the Licenses and the Support Services will automatically terminate. Sections 1.2, 3.2 and 5.3 will survive any termination of this Agreement.

Article 5 Warranties.

5.1. Service Level Agreement. The Service Level Agreement available at <https://help.infopi.io/books/help-center/page/hours-and-slals> is your exclusive remedy for any interruptions in the availability of the Hosted Software.

5.3. Disclaimer of Warranties. Except as set forth in Sections 5.1 Imani Labs disclaims all warranties, express, implied, statutory, or otherwise, including any implied warranty of merchantability, fitness for a particular purpose, non-infringement, or title. Imani Labs assumes no responsibility for any damages to Customer's hardware, software, or other materials.

Article 6 Indemnity.

6.1. General. Imani Labs will defend any claim(s) against Customer that a Products provided under this Agreement infringes third party patents, copyrights or registered trademarks (the "**Claim**") and will indemnify Customer against the final judgment entered by a court of competent jurisdiction or any settlements arising out of a Claim. Customer shall (i) promptly notify Imani Labs in writing of the Claim (or threat thereof), and any subsequent litigation updates, (ii) cooperate with Imani Labs in the defense of the Claim (including any statements to third parties regarding the Claim), and (iii) grant Imani Labs full and exclusive control of the defense and settlement of the Claim and any subsequent appeal. If Customer fails to notify Imani Labs promptly of the Claim, and that failure prejudices Imani Lab's ability to defend, settle or respond to the Claim, then Imani Labs obligation to defend or indemnify Customer with respect to that Claim will be reduced to the extent Imani Labs has been prejudiced. In addition, such failure to provide prompt notification shall relieve Imani Labs of any obligation to reimburse for Customer attorneys' fees incurred prior to notification.

Article 7 Limitation of Liability. Neither party will be liable for indirect, incidental, exemplary, special, or consequential, damages; loss or corruption of data; or loss of revenues, profits, goodwill, or anticipated sales or savings. In no event will Imani Labs total cumulative liability to Customer and anyone who uses the Products through Customer's account exceed the aggregate amount Customer has paid to Imani Labs.

Article 8 Confidentiality. The parties will protect each other's Confidential Information. The party receiving Confidential Information will exercise at least the same degree of care that it uses

to protect its own Confidential Information of a similar nature, but in no event less than reasonable care. Confidential Information does not include information that (a) is or was lawfully received by the recipient from another party without confidentiality obligations, (b) becomes available in the public domain through no action or inaction of the recipient, or (c) is developed independently by the recipient without reference to the discloser's Confidential Information.

Article 9 Miscellaneous. This Agreement is the entire agreement between you and us and supersedes all prior agreements and understandings regarding the Products. Failure to exercise any right under this Agreement will not constitute a waiver. There are no third-party beneficiaries to this Agreement. This Agreement is governed by the laws of Kenya without reference to conflicts of law rules. For any dispute relating to this Agreement, the Parties consent to personal jurisdiction and the exclusive venue of the courts in Nairobi County, Nairobi. Communications we send to you electronically will be deemed to be in writing. Any notice you provide to us under this Agreement will be in writing and sent by overnight courier or certified mail (receipt requested) to the address above.
