

How to Change the Message Footer

Access the application settings.

The default message footer is the username of your account therefore to change it, [clear](#) it and [replace](#) it with your desired footer.

User configuration

Application options

| | |
|------------------------|-----------------------|
| Username | <div></div> |
| Access Control List | <div>DEFAULT</div> |
| Default sender ID | <div>Text_Kenya</div> |
| Default message footer | <div></div> |
| Credit | <div>9994.000</div> |
