

How to create a group of contacts

Access the Contacts List.

Click on the  icon to land on a similar page as shown below.

The screenshot shows a web interface titled "Phonebook". Below the title is a "Group" section with a "Search" dropdown menu and an empty text input field. To the left of the input field is a blue "+" icon. Below the input field is a blue "Back" button. At the bottom of the page, there is a table with three columns: "Name", "Group code", and "Action".

Click on the  icon.

Input the [required details](#): a suitable group name and group code. Set the broadcasting permissions the. There are 3 broadcasting permissions' setting options:

1. **Me only** - Only the creator of the group has access to the contacts in the group and can send a broadcast message to the group members.
2. **Members** - The creator of the group and his / her subusers can send a broadcast message to the group members.
3. **Anyone** - The group is public.

Phonebook
