

How to recover your password

To recover your password:

Access the platform via infopi.io.

If you are not registered in the platform, please register.

Click on [login](#).

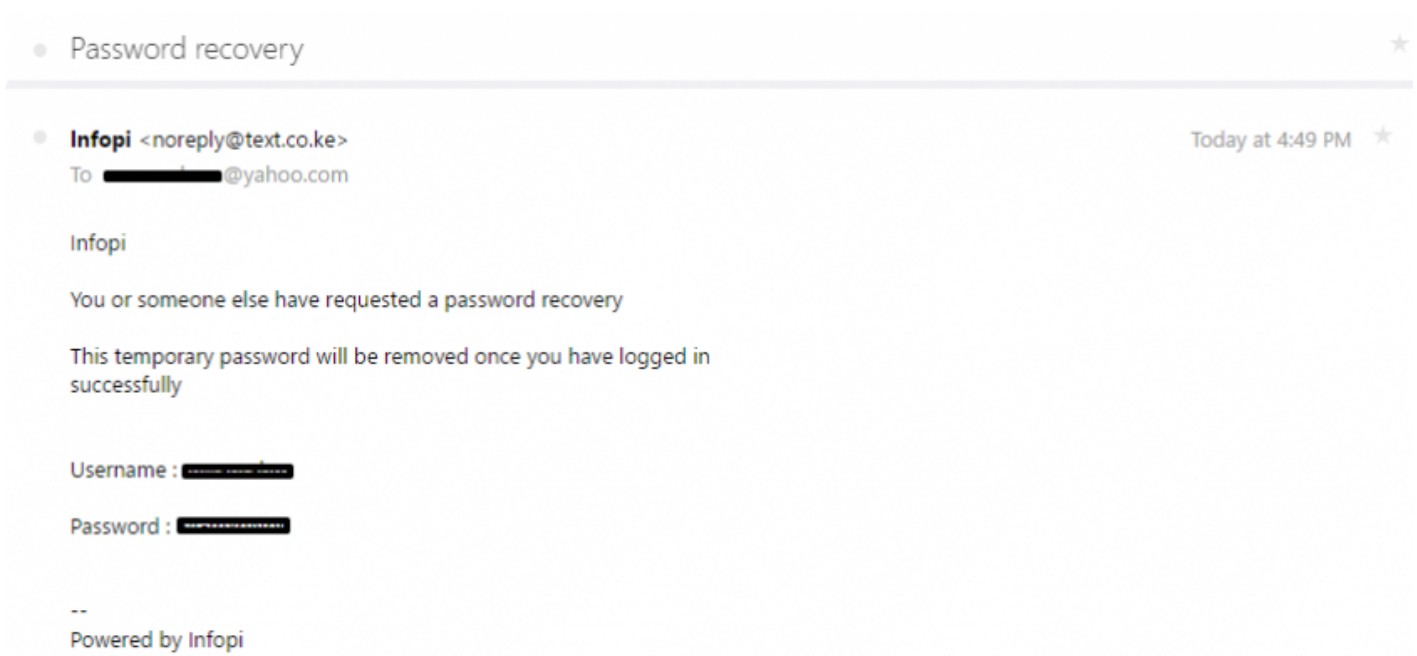

Click on [recover password](#).

Input the [required details](#): username, email and the displayed captcha then click [submit](#).

A screenshot of the Infopi 'Recover password' form. The form is centered on a light blue background. It features the Infopi logo at the top, followed by the title 'Recover password'. Below the title are four input fields: 'Username', 'Email', 'Verify captcha', and 'Captcha'. The 'Captcha' field contains a distorted image of the text '8h4gw'. A blue 'Submit' button is located at the bottom of the form.

Check your [email](#) to obtain a temporary password. Sample email:

Proceed to [login](#).
